

Custom charter & freight
with over 40 years
experience in Northern
Australia

At Jetstream Air Services our objective is to provide quality air charter solutions in a positive closely controlled, well-managed and professional manner. We are proficient in providing time critical on time charters on a 24/7 basis. Our field of experience covers all types of single and multi engine aircraft with proficient crew who regularly operate into remote areas.

Our Services

-  A provider of private, corporate and government air charter services across the Northern Australia
-  We own, lease and operate a wide and diverse range of aircraft types
-  The right aircraft for your mission and budget
-  Reliability and on-time performance

Our entire team has over 40 years flying experience in North Australia and understands the changing landscape and weather patterns.

Your business is our first priority and your business needs of the utmost im-portance to us.

Our entire team is committed to meeting those needs and as a result, a high percent-age of our business is from repeat customers and referrals. We would welcome the opportunity to earn your trust and deliver you the best service in the industry.

What We Do

Jetstream Air Services has been providing a range of aviation solutions to corporate, private and government entities, along with VIP travel and tour groups for over 5 years. With safety and customer service at the forefront of our operation we provide a wide range of cost-effective aviation solutions utilising a vast number of aircraft types to provide the right aircraft to suit our clients' needs and budget.

Whether it is a single passenger traveling to a remote outstation or large group of passengers traveling to a remote mine site, our dedicated Air

Charter Specialists and Operations Team have the expertise to ensure your passengers will run on time and on budget. As a group, Jetstream Air Services provides practical turnkey solutions for our clients, providing just one point of contact for all charter & freight bookings. Our team is armed with extensive flight experience to meet the stringent safety requirements in the demanding environment of the aviation industry. We believe in providing solutions for our customers, without compromising on quality and safety.

Safety

Safety and the well-being of those who work for and travel with us are our highest priorities and underpin everything we do at Jetstream Air Services. No mission justifies risk of injury to people or damage to the environment.

JETSafe defines our safety practices and programs which encourages and supports continual improvement in our safety culture. Through JETSafe, we are able to achieve superior operational and commercial performance. Our commitment to safety is also reflected in the regular review of our safety performance. This allows for improvement opportunities to be identified and initiatives implemented. Jetstream Air Services is regularly audited by the safety regulator (CASA) and multiple flying activities by our pilots and crew are checked at regular proficiency intervals to ensure the highest safety standard is upheld.
